

GET GIVE AWAYS

# Meet **The Nestlé Yellow Jeep Summer Treats Competition winners**

Three lucky winners each received keys to brand new Jeeps after participating in the Nestlé Yellow Jeep Summer Treats Competition.

Thembile Vilakazi (36) of Durban, Mercia van der Schyff (21) of Meyerton and Aleta Nel of Fort Beaufort (64) flew to Nestlé South Africa's new premises in Bryanston for the prize-giving ceremony in February this year.

The entries for the Yellow Jeep Competition opened in January 2010. The competition required consumers to text a special number appearing on Bar-one, Smarties, Kit Kat and Tex wrappers to stand

a chance to win.

"I can't believe it was so simple. I texted the special code from my Bar-One chocolate and within a few weeks I received a call to say I had won a car. I will definitely enter more competitions from now on," said Van der Schyff, who recently completed matric and intends to further her studies in accounting.

Vilakazi, who works as a cook at a popular Durban restaurant said: "I now

have a reason to get my drivers' licence. The only reason I never got it was because I couldn't afford a car. I am so thankful to Nestlé for providing me with such an amazing prize."

But Nel, who is a retail store salesperson is already looking forward to her retirement early next year. "I've always loved the outdoors and [with this Jeep] I can now finally take my adventures to the max," she quipped.
